Examiner's Amendment

1. An examiner's amendment to the record appears below. Should changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312.

To ensure consideration of such amendment, it must be submitted no later than the payment of the issue.

2. Authorization for the examiner's amendment was given in a telephone interview with Mr. Edward Freedman on 4/6/2006.

The application has been amended as follows.

3. Please amend the specification as attached.

4. Claims 13-22 are allowed over prior art of record in the light of the amendment to the claims and applicant's argument filed on 5/16/2005.

Reason for allowance

5. This communication warrants no examiner's reason for allowance, as applicant's reply makes evident the reason for allowance, satisfying the record as whole as required by rule 37 CFR 1.104(e). In this case, the substance of applicant's remarks filed on 5/16/2005 with respect to the added claim limitation point out the reason claims are patentable over the prior art of record. Thus, the reason for allowance is in all probability evident from the record and no statement for examiner's reason for allowance is necessary (see MPEP 13202.14).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Salad E. Abdullahi whose telephone number is 571-272-
